

### ***Announcing the November and December Volunteers of the Month***

Another milestone was reached at The Adelson Educational Campus this November 9<sup>th</sup>. The first comprehensive Annual Giving Campaign was launched with over 30 parent and student volunteers, across all grade levels, participating in the first school phone-a-thon.

This was a very important moment in our school's history. Establishing a tradition of community philanthropy, will help to ensure that The Adelson Educational Campus, its teachings, and core values will be around for many more years to come. The launch of the Annual Giving campaign marks a commitment by the school community - administrators, teachers, parents, students and staff to ensure the highest level of education for every student. As most of you know independent schools invest far more in each student than tuition covers. If the true cost of educating every child was reflected in tuition, tuition would be prohibitive for many families. An annual giving campaign is undertaken by most independent schools to raise additional funds needed to offset a school's shortfall.

It is for this reason that for the months of November and December, instead of a single Volunteer of the Month, the honor of this title goes to the first group of parents, students and staff members who volunteered their time and efforts to help launch our Annual Giving phone-a-thon. It is with gratitude that we list their names below:
